THE MAULE EARLY. Ahead of other extra earlies, and in a class by itself. Ripens July 1st. Color a clear white, overspread with bright red; flesh white. Not a perfect freestone, but as near as any early peach. Fruit hangs well without rotting, and ships well.

GREENSBORO. Large, white flesh, juicy, good quality.

CARMAN. Large, resembles Elberta in shape. Cream white or pale yellow color, with deep blush. Flesh tender and quite juicy.

MISS LOLO. Extremely early; large size; white satin skin with bright red cheek. Flesh white; quality best of the very early varieties.

CHAMPION. Large, handsome, creamy white with red cheek. Sweet, rich and juicy.

RAY. Flesh white with red blush tint. A splendid shipper. The original tree has borne sixteen successive crops without a failure.

BELLE OF GEORGIA. Very large; skin white with red cheek; flesh white, firm and of excellent flavor; fruit uniformly large and showy; freestone. The best of the season.

NIAGARA. Medium early. Large; yellow with red cheek; juicy and high flavored; flesh yellow; freestone.

EARLY ELBERTA. Five days earlier than Elberta; is larger and more highly colored; has smaller seed and is not so fuzzy. In texture it is melting and buttery.

HALE. Larger than Elberta and about five days earlier. Flesh is a beautiful clear yellow and skin a bright yellow overspread with red. Many experts think it will equal and even surpass Elberta.

ELBERTA. Very large, skin golden yellow where exposed to the sun, faintly striped with red. Flesh yellow, very fine grain, juicy, rich, sweet and splendidly flavored. Tree very prolific. It is a perfect freestone and one of the most successful market varieties. Does well everywhere.

CRAWFORD'S LATE. Large, yellow with red cheek; flesh deep. A large and beautiful late peach which is recommended for the home orchard. Round in form, flesh yellow and firm.

FOX'S SEEDLING. Large, fine quality; white flesh; beautiful red cheek. September.

LATE ELBERTA. Large handsome, highly colored yellow peach similar to Elberta but ripens three weeks later.

IRON MOUNTAIN. Hardiest white; size enormous; oblong; a perfect freestone and as fine a quality as any white peach grown as well as the most profitable. Late.

PERFECTION. Color, a beautiful bright red; a great bearer, with rich sub-acid flavor; plenty of pulp and few seeds. Best currant lately introduced.

WILDER. One of the most productive. Less acidity than Fay's Prolific, bears equal size berry and larger bunches. In color bright attractive red.

WHITE GRAPE. Bears large clusters of yellowish white currants. Excellent quality and very prolific.

PLEASE NOTE

Under the Plant Quarantine Act of Aug. 20th, 1912, the U. S. Dept. of Agriculture forbids the shipping of both gooseberry and currant plants into any of the following states: Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington and Wyoming.

If you reside in any of the above states do not order currants and gooseberries.

BLACKBERRIES

Ready for delivery November 1st to 15th.
See important notice on rates, below.

All blackberries at these prices: 30 cents each; 3 for 80 cents; $1.75 per 10; $8.00 per hundred, postpaid.

BLOWERS. An iron clad variety that never winter kills; a mammoth, upright grower; enormously productive. Fruit is large, glossy, firm and luscious. Has proved to be extra good everywhere.

DALLAS. A new blackberry dewberry hybrid of great worth which is proving to be one of the most valuable market sorts as well as one of the best for home use. The cane is short, but very vigorous and productive; perfectly hardy, will stand 14 degrees below zero. The ripening season is early and the fruit extra large and fine. Makes a grand companion for the new McDonald listed below.

ELDORADO. Fruit large and of exceptional quality and productiveness. Late.

McDONALD. This grand, new hybrid blackberry dewberry ripens very early; one week earlier than the Lucretia dewberry. The canes trail the first year, but are strong and upright from the second year on. It is entirely hardy, has stood 14 degrees below zero, and its drought resisting qualities are remarkable. The large, extra fine fruit is of excellent quality. The flower of this variety being pistillate, or imperfect, it should have a staminate, or perfect flowering sort planted with it to pollinate; when thus pollinated, it is exceedingly productive. The Dallas blackberry, listed above, which flowers at the same time, is the best variety to plant (in the proportion of one Dallas to each five McDonald) with it.

RATHBURN. One of the finest; stands 20 degrees below zero. Jet black, of the best flavor.

WARD. The best; fruit is very large; jet black and of excellent quality. Productive and entirely free from rust.

IMPORTANT
Rates on Nursery Stock

Ready for delivery November 1st to 15th.

When the "3 rate" is taken the three trees or plants must be all one variety. You may order 5 trees or plants, all the same variety, at the "10 rate." In making up an order for ten trees or plants you may divide into four different varieties. Fifty of any one kind sold at the "100 rate." Orders for 100 may be divided into 25 each of four different kinds. 500 of any one kind sold at the "1000 rate." Orders for 1000 may be divided into four kinds.

All gooseberries at these prices: 55 cents each; 3 for $1.60; $3.25 per 10; $22.00 per 100, postpaid. By express, not prepaid, larger plants, 60 cents each; 3 for $1.70; 10 for $3.50; $30.00 per hundred.

CARRIE. Deep maroon color; finest for jams, jellies and canning.

COLUMBUS. A yellow sort of the English type, with glossy foliage. Fruit large, oval, greenish yellow, smooth. Bush prolific.

PEARL. Best American variety; a cross between Houghton and a large English sort; very hardy, superior in size and quality and more productive than Downing, and is likely to supersede this standard sort. In color it is light yellowish green.

RED JACKET. A splendid sort. Sure cropper and immense yielder. An American variety; adapted to this climate. Color bright red.

RASPBERRIES

Ready for delivery November 1st to 15th.
See important notice on rates, this page.

All raspberries (except King of the Market) at these prices: 25 cents each; 3 for 60 cents; 10 for $1.70, postpaid.

By express, not prepaid, $8.00 per 100.

Black Raspberries cannot be planted in the fall.

ST. REGIS EVERBEARING. Unlike any other raspberry it bears a crop the first season. Plants of it set out in early April gave ripe berries June 20th of the same year. For four weeks thereafter the yield was heavy and the canes continued to produce ripe fruit without intermission until the middle of October. The berries were large and beautiful, firm and full flavored to the very last. Berries are of large size, surpassing quality, rich, sugary, with full raspberry flavor and bright crimson in color.

KING OF THE MARKET. A new everbearing raspberry of great worth. The plant is upright, stalky and very productive, outyielding any other variety, even the purple sorts. First bearing season lasts through June and July and by September the young canes begin bearing again and continue until stopped by freezing weather. Berry beautiful light crimson, very meaty, rich in sugar and delicious in flavor. Fruit is twice the size of St. Regis and about a week later ripening in both the spring and fall seasons. Prices of this new berry, 35 cents each; 3 for 90 cents; 10 for $2.00, postpaid. By express, not prepaid, $10.00 per 100.

CUTHBERT. A strong grower and productive; very large, bright red; fruit firm, of very fine quality; season medium to very late.
